

# MAKING DIVORCE LESS TAXING

**Everyone knows the statistics – more than 50% of marriages end in divorce and this year there will be an estimated 1 million divorces.**

**A divorce is costly, especially for high net worth clients, and in the end, you often lose one or both spouses as clients.**

AVITAS has a unique solution - the Marital Dissolution Structured Settlement. Our proprietary product allows high net worth clients to settle their divorce with a more cost effective outcome. The payor spouse spends less and the recipient spouse receives more, with all of the periodic payments remaining tax free. These payments can be paid into a managed account or blended with other products for comprehensive divorce planning.

When it comes to distributing the property, providing for children, or producing income to maintain a household and lifestyle, the Marital Dissolution Structured Settlement can provide optimal benefits and peace of mind.

This product will help bring closure to your clients and allow them to move on with their lives. Through your firm's partnership with AVITAS, you can access this product and help clients who are going through a divorce or expand into the divorce law community.
