Withdrawals/surrenders have the effect of reducing the contract value and death benefit. Withdrawals/surrenders of taxable amounts are subject to ordinary income tax and, if taken prior to age 59 ½, an additional 10% federal penalty tax may apply.

There is no additional tax deferral benefit for annuities purchased in an IRA, or any other tax-qualified plan, since these plans are already afforded tax-deferred status. The other benefits and costs should be carefully considered before purchasing an annuity in a tax-qualified plan.

The discussion of tax treatments is Genworth Life's interpretation of current tax law and is not intended as tax advice. Consult your tax professional regarding all tax matters.

All guarantees are based on the claims-paying ability of the issuing insurance company.
